

It was a sunning day with honey flowing
In my garden when a Praying Woman called
And said I will not pray with you or for you
Go to other church for prayer

When a Praying Woman
Of the Church of god in Milford Delaware
Shielded sinful Preachers
That did and may still be doing immoral
Things to babies and their mothers
The sun and the honey stops flowing in my garden
As the angels cried for the babies in Delaware,
Maryland, Virginia, Alabama and Mississippi that were
Use as sex puppets and then sold by church of god Preachers
